

ARCHITECTURAL DRAFTING

DIPLOMA - 33 CREDITS

About this program

Students completing this program will be prepared for employment with architectural and engineering firms, contractors and various manufacturing and distribution companies related to the construction industry. Computer-aided drafting is an important tool for construction and design, and is an important part of the Architectural Drafting program. This program teaches students the principles of residential and commercial building technology, as well as the drafting skills to apply them.

Program outcomes

1. Analyze relationships between building systems in coordination with architectural drawings.
2. Create and present relevant design concepts.
3. Produce architectural construction drawings utilizing CAD software.

Curriculum overview

Crds	Requirement type
	Total

Developmental courses note: A student may be required to enroll in developmental courses in reading, writing and math. A student's scores on the Accuplacer assessment will determine enrollment in developmental courses. The purpose of developmental courses is to prepare students for the demands of a college-level curriculum. *Credits may vary.*

Accreditation: Minnesota State Community and Technical College is accredited by the Higher Learning Commission, a regional accreditation agency recognized by the U.S. Department of Education. The Higher Learning Commission 230 South LaSalle Street, Suite 7-500 Chicago, IL 60604-1411 <http://www.ncahigherlearningcommission.org> Phone: 312.263.0456 / 800.621.7440
