

Fergus Falls Campus Housing

Welcome home!

Located in the heart of lakes country in west central Minnesota, the Fergus Falls campus of Minnesota State Community and Technical College is one of only seven Minnesota community and technical colleges that offers on-campus student housing.

Our safe, affordable housing options are open to all M State students, regardless of your program or major. And campus housing is more than a place to eat, sleep and study. Not only will living in campus housing let you experience new things in life, but you will build relationships that will last a lifetime.

You'll have the opportunity to learn to embrace the differences between you, your roommates and your neighbors. Open a new world by living with and attending classes with a diverse group of students. Expand your horizons as you share experiences with students from different backgrounds, interests and cultures.

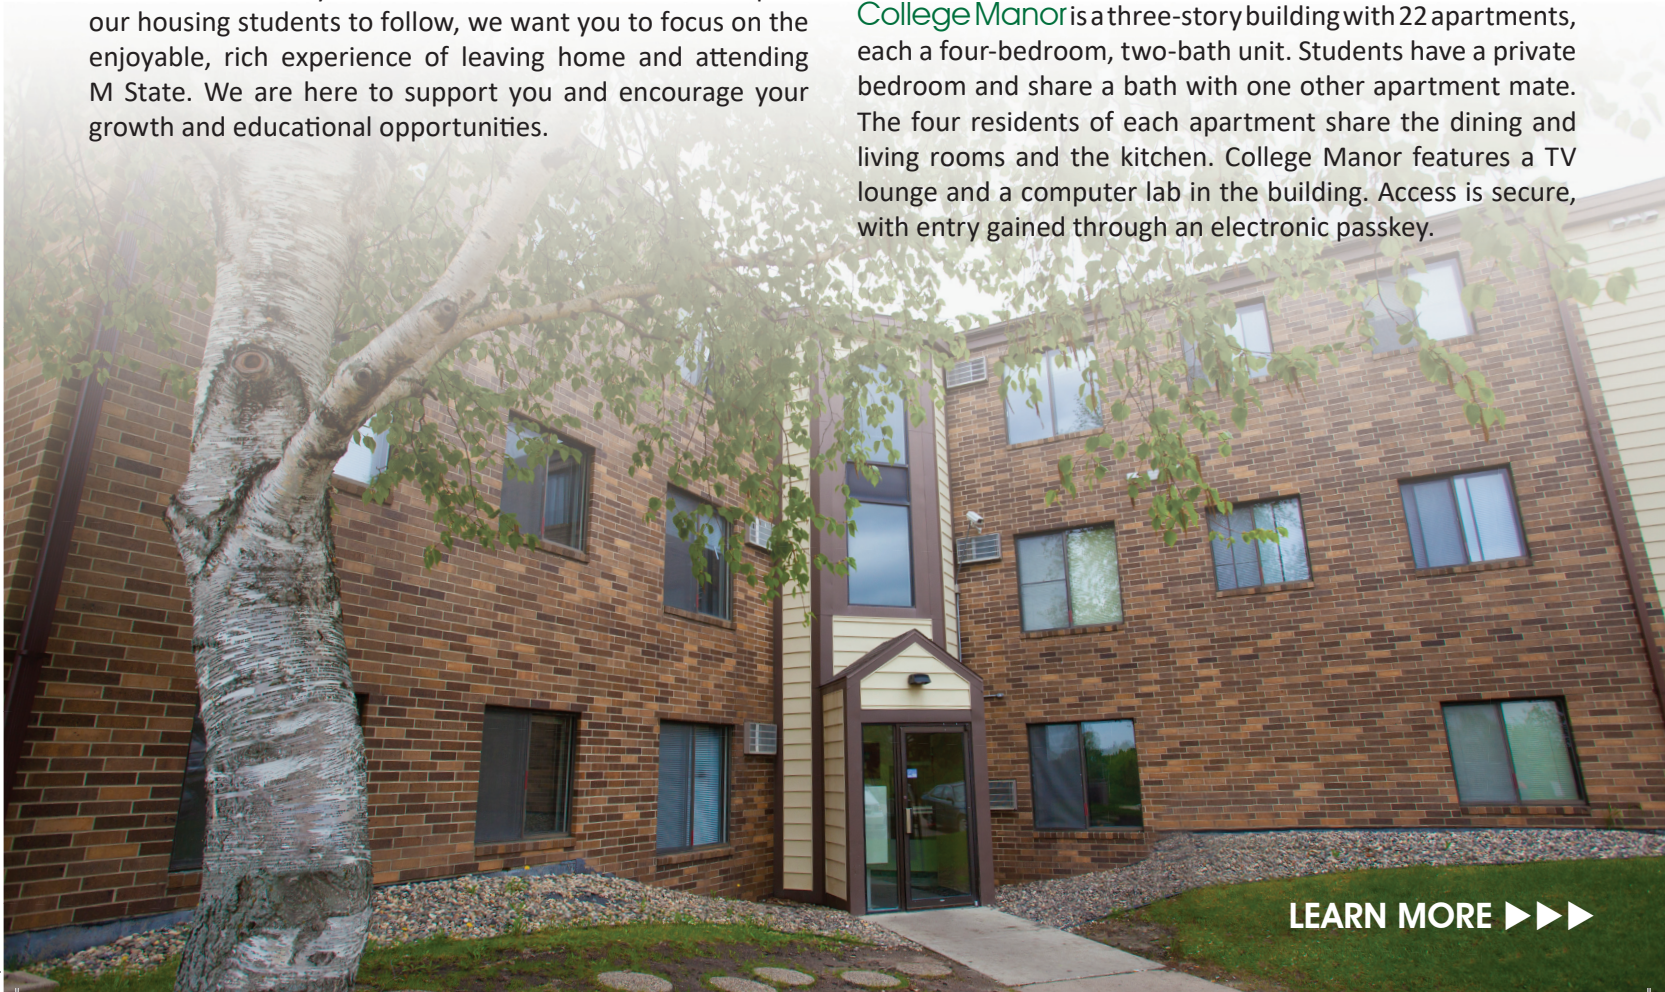

We count on our students to be responsible adults, and we treat them that way. While we do have rules that we expect our housing students to follow, we want you to focus on the enjoyable, rich experience of leaving home and attending M State. We are here to support you and encourage your growth and educational opportunities.

Living Arrangements

Our campus offers two housing options, College Manor and Williams Hillside Village, with a total of 38 apartment-style housing units that each house up to four students. All apartments are furnished with living room, dining room and bedroom furniture.

Williams Hillside Village is a four-building complex, with each building housing four three-bedroom apartments. The common area of each apartment includes living and dining rooms and a kitchen. Entry to Williams Hillside Village requires a key.

College Manor is a three-story building with 22 apartments, each a four-bedroom, two-bath unit. Students have a private bedroom and share a bath with one other apartment mate. The four residents of each apartment share the dining and living rooms and the kitchen. College Manor features a TV lounge and a computer lab in the building. Access is secure, with entry gained through an electronic passkey.

Housing Application

Housing applications are accepted until the facilities are full. An application is not complete until the Housing Office has received the \$200 prepayment. Room assignments are on a first-come, first-served basis, and students are notified of their housing assignments approximately three weeks before the start of each semester via email.

Dining Options

All residents of College Manor and Williams Hillside Village are required to purchase a declining balance meal plan for the campus dining facility. The dining room is open for breakfast, lunch and dinner Monday through Friday. There are many hot menu options, various wraps, salads and fresh grab-and-go items available daily. Numerous fitness and athletic opportunities and activities are available on campus, which is just a short walk from College Manor and Williams Hillside Village. The campus fitness room is equipped with treadmills and elliptical machines, and a weight room provides equipment for anyone from the dedicated to the occasional lifter.

Other regular student activities include Movie Nights, Rock 'N' Bowl, the annual Super Bowl party and more.

There are ping pong tables in the Fireplace Lounge on campus for some friendly competition and relaxation during down time. Both housing facilities have outdoor basketball hoops and share a 12-hole disc golf course in a beautiful, hilly setting.

Convenient Access to Shopping, Entertainment and More

Living on campus makes it convenient to take advantage of the many opportunities available in our community and on campus, including Spartan men's and women's intercollegiate athletics (football, volleyball, basketball, baseball, softball and golf).

M State's campus housing is within easy walking distance of campus and has direct access to major retailers, restaurants and grocery stores.
